

# GOOD VIBES!

That's how JT begins a second decade of offering championship quality protective gear to an ever-increasing motocross public. Good vibes from all over the world have filled us with enthusiasm and optimism for the future of our sport and have caused us to delve ever deeper into the ideal of providing efficient function, supreme style, and ultimate protection in whatever we do.

Over the years, good vibes have convinced us that whether it be in racing or whether it be in business, the whole world loves a winner... and JT has dominated. Leadership has always been our style. The fact that our products have become the most imitated on the market, our advertising the most mimicked, and our riders the most sought after, is proof that the good vibes JT receives are reverberating throughout the entire industry.

It's only natural then that this year's catalog should be nothing less than first class and filled with good vibes for you. For the dealer, we offer the fastest moving protective equipment on the market. For the competitor, the most professional and highly tested gear available. For the spectator, unequalled style, color, and pizzazz! For all, the good vibes of an excited JT Racing USA. Get the picture? JT leads where others follow!

# Headgear

Don't lose your head! Yours ain't just another pretty face around JT. Yours is a race face. Perhaps a space case when flying out-of-control down Bonsai Hill, but nevertheless a determined one in the face of victory. So don't let yourself get rattled when it comes to choosing protection.

The importance of good equipment is never so emphasized as when it comes to keeping your head together. With high speed flak coming from all directions, it's important to know JT's "Got 'cha covered." The JT rock guards, visors, goggles, and helmets are unquestionably head-and-shoulders above the rest.

Good Vibes headed your direction from JT.

#### JT TEAM GOGGLE

One of the best new items for this season is the introduction of the JT Team Goggle. This comfortable, well-fitting goggle has brought goggles for motocross up-to-date by giving the rider a choice of comfort and style along with team coordinated colors. Long overdue, this goggle has convinced some of the world's top riders to change goggle brands for the first time in years. JT Team Goggles are currently being used by professional riders on the national circuit. Kent Howerton, Donnie Hansen, Johnny O'Mara, Danny LaPorte, Jim Gibson, Rick Johnson, Scott Burnworth, and Jeff Ward are a few of the many who have chosen these goggles. This outstanding new team goggle is available through JT in a choice of four team combinations. Yamaha, Suzuki, Kawasaki, and Honda team colors are all perfectly matched with the choice of frame colors and band designs. Urethane frame is designed to accept lexan lenses and special foam inside reduces fogging. A fully adjustable strap with colorful JT logo completes the team look. Order by part number.

#### JT TEAM GOGGLE LENSES

These goggle lenses are available in the most popular choices for the off-road rider. All are easily inserted into the JT Team Goggle. Order by part number.

03-420 JT Clear Lens

03-421 JT Smoke Lens

03-422 JT Amber Lens

03-423 JT Smoke Polaroid Lens

03-424 JT/Clear Lexan Lens

**JT TEAR-OFFS**, in handy pack of six, allow the rider to use three on one side and three on the opposite side for least amount of confusion when racing. Order by part number.

03-426 No Fog Cloths

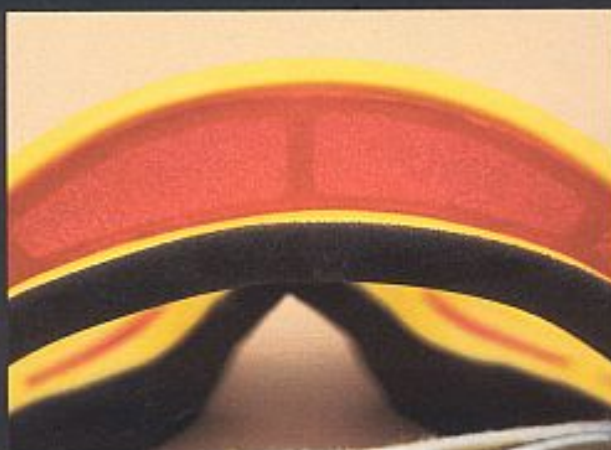

03-403 JT/Kawasaki

03-401 JT/Honda

#### 04-109 JT SUPERCROSS VISOR

This 5-snap winner is specially molded and offers some striking features such as increased peripheral vision, rounded edges to eliminate sharpness, and colorful stripes which together make this visor the fastest seller on the market. It is the only choice for the hot-shoe. Available in white, red, yellow, or blue. Indicate color when ordering.

#### 04-175 JT SUPERCROSS ROCKGUARD

A snappy streamlined and vented rockguard for protection from flying debris. Clean design provides total facial coverage of nose, mouth, and chin areas. Rounded edges eliminate sharpness. Extra holes are provided for pop-rivets for permanent attachment to helmet. Available in team colors with racing stripes as shown. Snaps and screws included. Indicate color.

#### JT 5-SNAP PRO PEAKS

Designed by JT RACING to coordinate with our riders' new team styles this season. The PRO PEAKS are great new visors and are available with bold graphics in solid color visor or clear-tipped visor. The clear tip permits greater "head-down, less-roost" visibility. Order by part number.

\*Stadium Lens are non-fog, non-glare type.

**04-114 JT BUBBLE VISOR**

Popular JT visors are available in white, blue, red, yellow, or smoke and come stocked with a JT sticker. The middle snap is slotted for perfect positioning and the 5-snaps eliminate visor clatter. Snap kit is included. Indicate color.

**09-309 JT GOGGLE BAG**

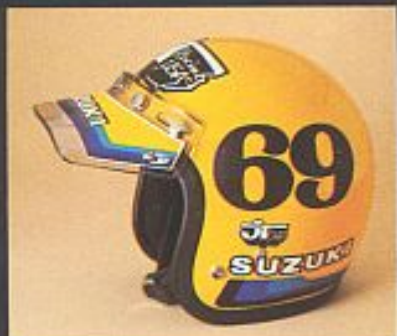

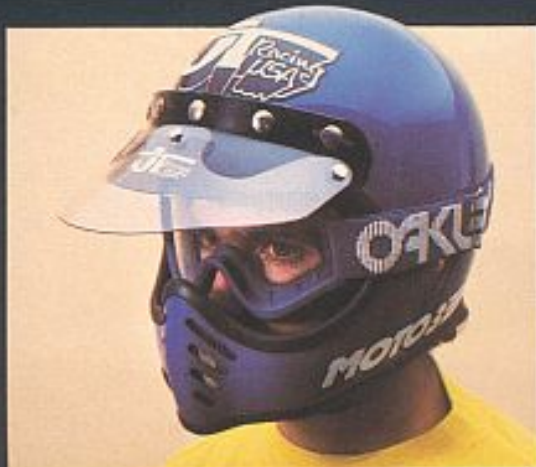

Handy divided bag holds 2 pair of goggles and plenty of spare lenses as well. A soft, scratch-proof inner liner keeps lenses in perfect non-scratch condition and the bag itself is made of tough satiny nylon. A convenient carrying handle and U-shaped zipper make it doubly useful. One color as shown.

**JT TEAM GOGGLE**

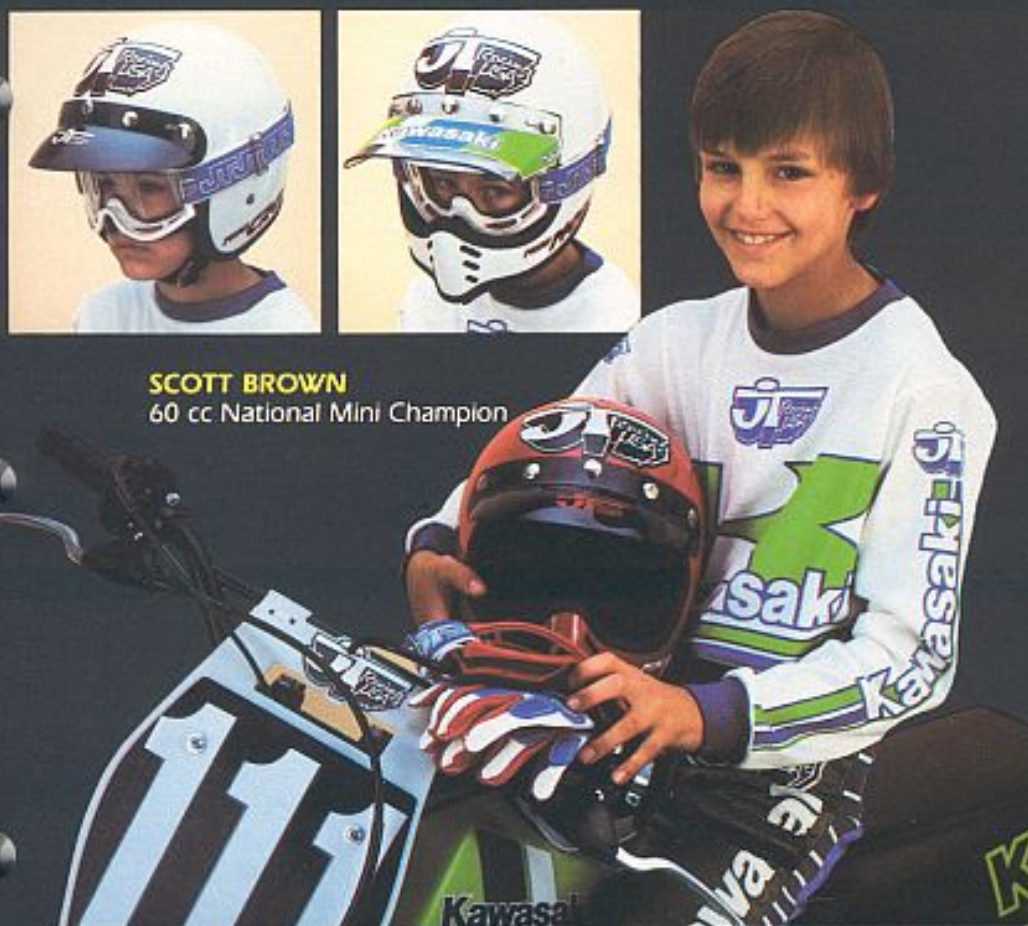

JT lenses are available in the most popular replacements for every type of lighting and weather condition. JT tear-offs are available in handy packs of 6 and are easily removed to maintain clear vision on muddy tracks. See page 4.

04-110 JT Mud-O-Cross Visor  
04-112 JT Clear Extension

**SCOTT BROWN**  
60 cc National Mini Champion

Scott Brown at 11 years old has overcome many obstacles to be riding for Team Green this season. Born with a defective heart problem, Scott has persevered with his athletic achievements to overcome what was assumed by all to be a debilitating ailment. JT is proud to have him among our list of riders and hope that we prove to be as beneficial to his future as motocross has been.

#### 04-110 JT MUD-O-CROSS VISOR

A new inspiration and an old standard have become the most useful visor in today's market. The 5-snap bubble visor allows a see through extension that snaps easily into position giving the advantage of a longer visor in muddy conditions without the forward restriction of vision. Complete venting of extension completely prevents helmet lift. One color.

#### BELL HELMETS

Long recognized as the leader in quality protective head gear, Bell has come up with some new innovations in full coverage protection for the mini and maxi rider. Bell's new Motostar III and the Magnum III are both AMA approved for competition. All these helmets can be tricked up with the new JT helmet stickers and numbers which are available through JT. Give exact Bell head sizes when ordering.

MARTY SMITH  
Team Suzuki

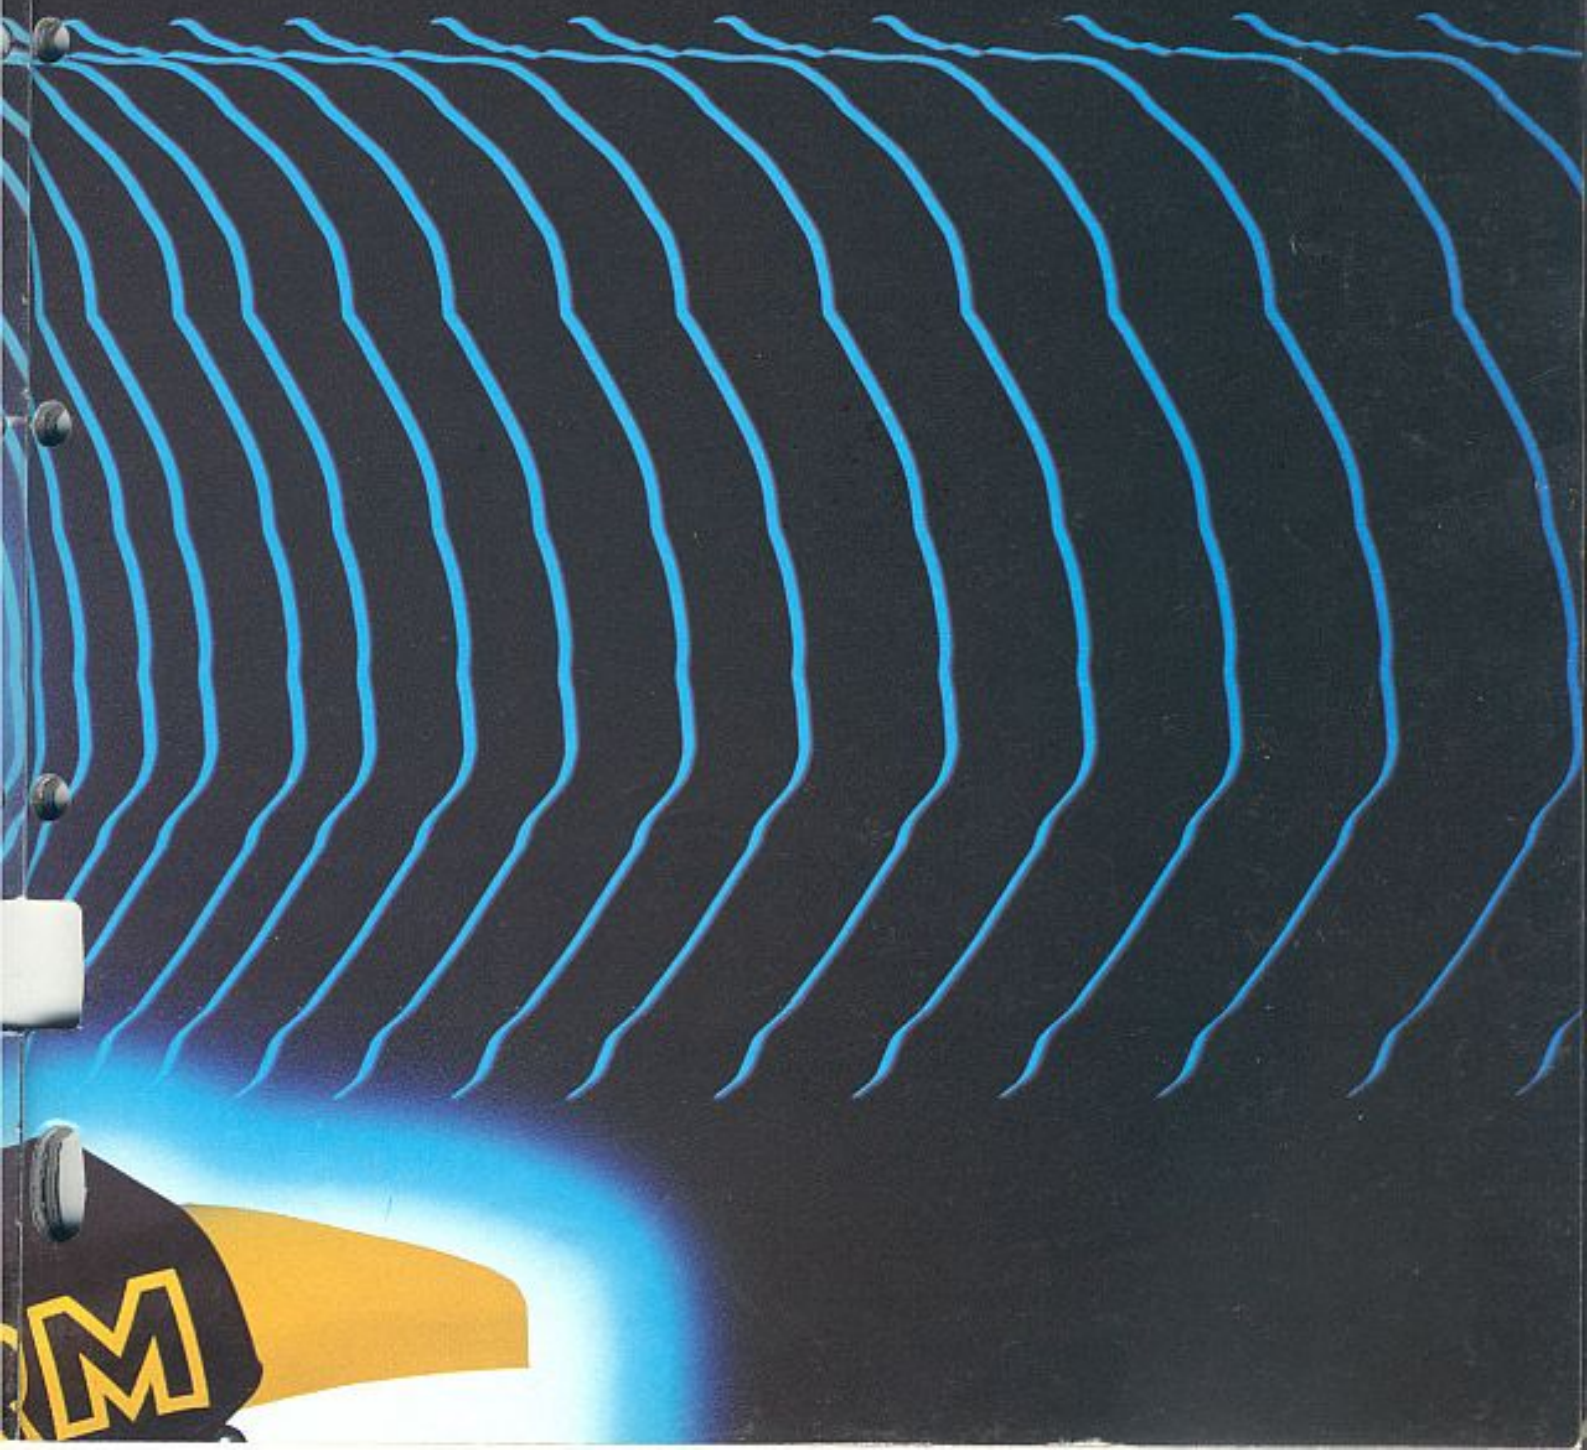

Look what JT has up their sleeves for you! New lines for team jerseys to fit the team, the season, the body, and the style. Resplendent with color and personalized with team graphics, names, and numbers, JT jerseys reflect good vibes from the heart of motocross.

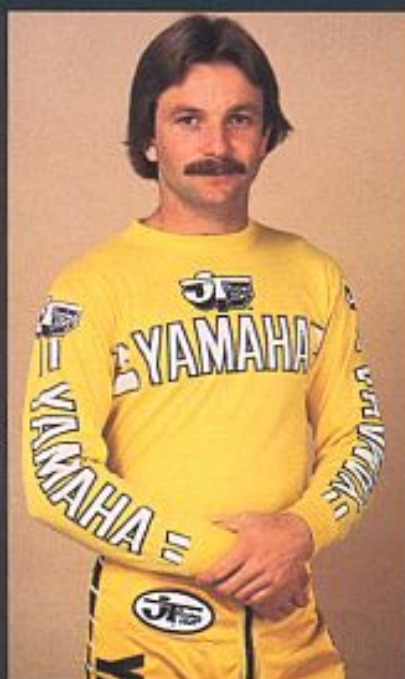

Like other top pros, Marty Smith counts on JT for comfort and style. One could say that JT's always on his back... from start to finish. Whether it be in the heat of summer or the cool of autumn, Marty knows there's a JT jersey to help him keep his cool in the heat of action.

Good Vibes up our sleeves for you!

# Jerseys

#### JT TEAM JERSEYS

JT is more than the largest supplier of team jerseys in this country—they're the most reliable, most imaginative, and most up-to-date. Take a closer look. At the track, whether it be pro's or hometown boys, you'll see what we mean. GOOD VIBES exist all over the world between dirt bikers and JT! That's because we believe in our riders like Kent, Danny, Broc, Jeff, Larry and all the rest and work hard to see that their equipment is the first and the very best. Out there you need us, team, 'cause we're in the habit of winning!

#### JT WORKS TEAM JERSEYS

The current jerseys exactly as worn by our team riders and champions. All jerseys are kept completely up to date for latest track fashion.

29-126 JT/Kawasaki Turtleneck

#### JT TURTLENECK JERSEY

Known as the "Ruff Rider"™, this jersey combines poly-cotton knit fabric with a body hugging cut and a turtleneck collar for warmth during night races and colder weather climates. An added advantage for this turtleneck is that the collar actually helps to deflect stones and other flying debris from the neck area. Available as shown in men's sizes only.

29-121 JT/Honda Turtleneck

#### JT CUSTOM JERSEY LETTERING

All JT lettering conforms to AMA regulations. Letters available in 3". Numbers 8" or 11". Colors will be coordinated by JT to best suit your jersey style. Maximum letter limits per jersey as follows:

IF your size is ...	THEN name limit is ...
X-LARGE.....	11 letters
LARGE.....	11 letters
MEDIUM.....	10 letters
SMALL.....	9 letters
KID'S (all).....	8 letters
VENTILATOR BACK BIB.....	9 letters

JT offers the rider the ultimate in jersey design, color and comfort! Geared toward seasonal riding, JT offers both winter and summer jerseys made from the finest 50/50 cotton/poly blend fabrics money can buy. Each jersey style is available in size structures for men and kids so follow the part numbers closely. Custom lettering is available on all JT jerseys.

#### WFO WINTER JERSEYS

Indicated above by a 30-XXX prefixed number, the WFO jerseys are the heavyweight styles intended for cooler riding weather, making it ideal for spring and fall. The bold graphics are the same on both style jerseys making it possible to have the same jersey for cold and hot weather riding. WFO's are extremely absorbent, shrink and fade resistant

and offer the best tear resistance of any jersey currently on the market.

# Protective Gear

Hey all you "rock stars," get stoned with JT!

Now before Mom totally freaks, let it be known that JT has the trickiest rock protectors in history with a new line of ventilated shoulder pads. JT incorporated plastic shoulder cups and foam-backed chest fabric with perforated, ventilated plastic shields into a quick release "motocross" pad that has virtually captivated the world of racing.

The way bikes are flying nowadays and tire treads kicking up the dust, JT shoulder pads have liberated you from the dread of "rolling stones." So now, good buddy, take that cheap shot shielded by JT. But don't buy an imitator ... buy a Ventilator.<sup>TM</sup>

Good Vibes in the line of fire ... only from JT!

### JT VENTILATOR™

The first and only full coverage shoulder pad designed strictly for motocross is quality constructed and provides protection in both front and back. Four vented plates in the front and two more in the back insure proper ventilation and added protection. The high impact shoulder cups and bicep guards are standard on JT

pads. A quick release fastening system is a real bonus along with the optional back bib for name and number. These shoulder pads are widely used by the top riders in the world because being so light and cool they provide comfort along with the much needed protection of every motorcycle rider. Choose from 5 color combos or Team Suzuki models.

50-194 JT/Suzuki Ventilator

50-195 Red/White

50-196 Blue/White

50-197 Black/Yellow

50-198 Blue/Yellow

50-199 Red/Yellow

50-192 Optional Ventilator Back Bib

70-820 Name on bib (9 letter limit)

70-821 Number on bib

### JT TEAM SCREEN™

The JT TEAM SCREEN is the first vented chest protector developed to provide necessary protection in warm weather from flying stones and clods along with cooling air circulation. It is extremely lightweight, flexible, and cool. The front screen is not only good

looking but is tough, being formed from ventilated polyethylene and is formed away from the body to allow maximum air flow. A quick-release connector system in the back makes this rock guard easy to pop on and off. Available in 5 team colors and Team Suzuki.

50-088 JT/Suzuki Team Screen

50-089 Red/White

50-084 Blue/White

50-085 Black/Yellow

50-086 Blue/Yellow

50-087 Red/Yellow

### **JT WINDSHIELD™**

This shoulder pad is identical to the Ventilator except that it laces up the front and back. The WINDSHIELD is designed to be worn under the jersey and does not accommodate a number bib. Vented polystyrene plates are

molded away from the body to maximize air circulation. Available in three colors.

- 50-091 Black/Yellow
- 50-092 Blue/Yellow
- 50-093 Red/Yellow

### **50-167 JT ELBOW PADS**

Quality constructed elbow pads have a polystyrene base which covers the elbow area. This base is then covered with tough nylon pack cloth. A pad-

ded leather overlay tops it off to absorb more shock and helps to prevent tearing during falls. Two wide elastic bands keep the pads in place while racing. Red only.

### **GOLD BELT**

Made of all nylon with reinforced stitching, this belt is a good choice for protection, comfort, and stretch. Used

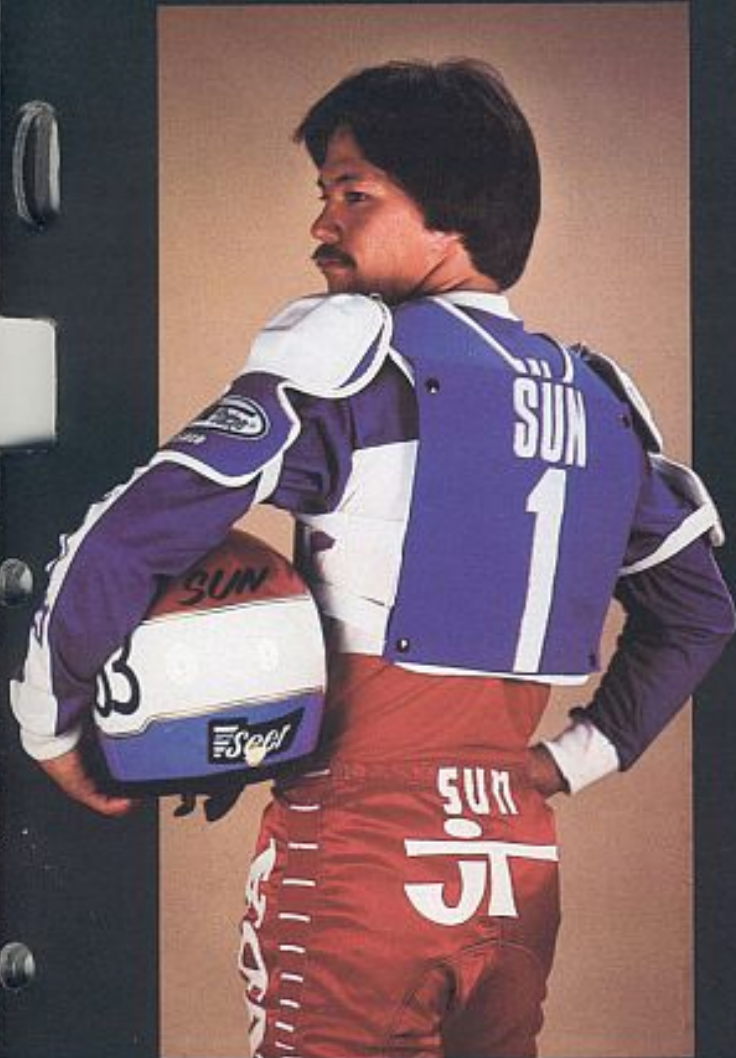

and proven over the years by most of the top pros in motocross.

- 09-630 Original-Black
- 09-631 Original-Red/Black
- 09-632 Original-Red/Yellow
- 09-633 Original-Black/Yellow
- 09-634 Original-Blue/Yellow
- 09-635 Original-Red/Yellow
- 09-638 Pro Belt-Black/Yellow

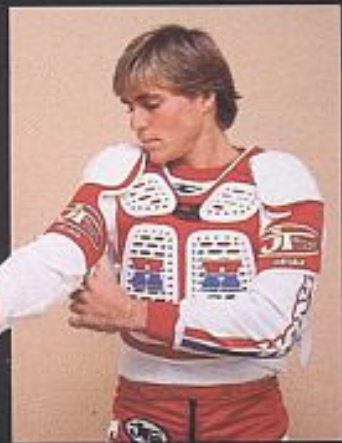

#### VENTILATOR NUMBER BIB

The VENTILATOR™ number bib is designed to snap onto the back of the VENTILATOR™ shoulder pad so that the pad may be worn on the outside of the jersey. Bibs are available in red, blue, black, or yellow. When ordering specify color and if custom lettering is desired give us your name and number. Sorry, name with more than 9 letters won't fit.

- 50-192 Red bib
- 50-200 Blue bib
- 50-201 Yellow bib
- 50-202 Black bib
- 50-820 Name on bib-limit 9
- 70-821 Number on bib

500cc Team Honda rider, **Danny LaPorte**, demonstrates the ease of putting on a **JT VENTILATOR**. By just slipping it over the head and slipping the arms through the elastic bicep-straps, the VENTILATOR is then quickly buckled up with a quick fastening and releasing system. The fasteners are now secured and Moto 1 is about to begin. The most popular full coverage upper torso protector in the world of motocross.

**JEFF WARD**  
TEAM KAWASAKI

# Gloves

Hand to hand combat upon motocross turf quickly turns good vibes to nasty blisters without well made, high quality gloves. To try on a JT Half-Breed™ is to feel the fit of a well made glove. Supple skins and cool vented nylon conform to the shape of the hand and allow no chance of irritation.

Professional acceptance by world and national class champions has made the JT gloves the state of the art in motocross and off-road events. Riders like Jeff Ward depend on JT to keep a handle on quality through the feedback that we get by putting our finger on the pulse of what's happening.

Good vibes through involvement. That's what keeps JT leader of the pack.

**CHUCK SUN**  
500cc NATIONAL CHAMPION

# Pants

From the outset, JT has sought to energize style and function in a spirit reflective of the good vibrations that motocross champions exude. The likes of Chuck Sun and other great champions epitomize the vigor and electricity of a sport that is truly high energy from the smallest mini-biker to the saltiest old-timer. You can't fool these guys. They know a "piece" when they see one. That's why we at JT never compromise on quality.

Take for example the Newform UnLeathers™ introduced this year. Before advertising broke, they were the hottest pants around. Professionals were dropping their pants just to get into a pair of JT's. Good vibes turned demand into a steam roller as the new style matched protection with comfort and value. A unique new knee/shin guard together with the Legaitors™ added panache and professionalism to a pant already recognized as the original ultra-light and the armor of champions.

Dollar for dollar, value is our strong suit. We think JT Newforms™ are yours. SUIT YOURSELF.

16-262

**JT NEWFORM UnLEATHERS™** are used exclusively by Kent Howerton, Chuck Sun, Broc Glover, Danny LaPorte, Jim Gibson, Donnie Hansen, Marty Smith, Johnny O'Mara, Marty Tripes, Rick Johnson, Scott Burnworth, Larry Roeseler, Gary Pustelak, Jeff Ward, and many others.

16-258

#### **JT NEWFORM UnLEATHERS™**

JT has once again revolutionized motocross pants for the 80's! Futuristic in concept, sweeping in design and function, and affordable in price, the total scope of these pants has placed increas-

16-259

16-270

16-264

16-268

16-260

16-263

ing emphasis on rider comfort and protection. Made of tough "Satinyl" pack cloth, their strength, beauty, and flexibility are unmatched by any other pant currently on today's market. Combined with the "sleek streak" spandex insets,

the NEWFORM pants are regarded as Hot Stuff. Top quality protection is provided with removable hip pads, leather inner knee area, heavy duty buckles and zippers, and a hinged knee-shin guard.

Adult's Waist Sizes:

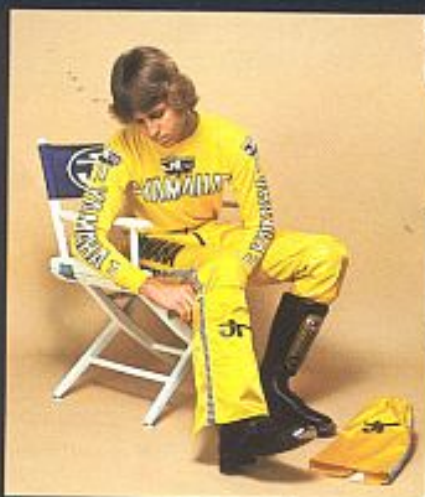

26, 28, 30, 32, 34, 36, 38

Kid's Waist Sizes: 22, 24, 26

**RICK JOHNSON**  
**TEAM YAMAHA**

#### **JT LEGAITORS™**

NEW IDEA for mud protection! LEGAITORS™ stop water, mud and grime from entering top of boot and also keeps front of boot mud-free! Johnny O'Mara rides with them exclusively! LEGAITORS™ overlap the motocross pants from knee to top of foot with matching 'satiny' fabric and spandex as in the JT NEWFORM™ pants. The velcro opened back, snap-tab and elasticized top permit the LEGAITOR™ to be slipped on with ease. A clean idea for enduros too!

#### **50-186 JT KNEE/SHIN GUARD**

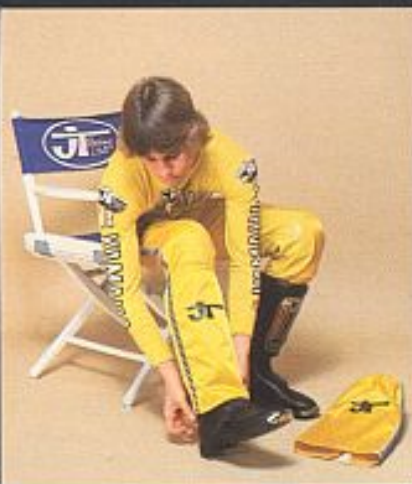

Regular length knee/shin guard has a hinged knee cup that completely covers all of the knee area. Thicker, heavy padding behind the plastic shields is comfortable and offers solid protection to the knee/shin area.

#### **50-187 JT SHORT STACK KNEE/SHIN GUARD**

Shorter length knee/shin guards have the same hinged knee cup and thick padding as the longer guard but are shortened to prevent extension below the top of the motocross boot.

#### JT PANT PATCHES

JT offers a selection of patches that can be applied to the motocross pants at your request. The vinyl patches are made of a tough vinyl that is impervious to laundering and weathering. The two embroidered patches are tightly woven and quality constructed.

#### JT MAXI TO MINI

JT is a company dedicated to quality for all.

This is the reason you will find motocross equipment of the same caliber for all sizes of riders. Pants, boots, jerseys, gloves, helmets, are all available in kids sizes in the same great team colors and styles as the adult gear. Short people got JT!

- **VENTED NYLON BACK** allows circulation on hot and muddy days.
- **SNAPPED LEG FLAPS** pull pant close to lower leg for snag-free action.
- **COWHIDE KNEE SECTIONS** provide traction while riding in slippery conditions.
- **LARGE ZIPPERS** make for a quick "put-on" over shoulder pads, pants and boots.
- **COLORFUL SPANDEX** allows freedom of movement in the hip, knee, and leg area.
- **ELASTIC WEBBING** allows snug fit with freedom of movement through the shoulder, back waist and crotch.

#### JT RAIN RYDER™

New design for a new season! Ever popular JT RAIN RYDER has been redesigned with new comfortable satynyl fabric and elastic webbing through the shoulder, back waist, and crotch. A totally nonrestrictive suit. Vented nylon fabric makes up the upper back and back sleeve for comfort in hot, muggy and wet conditions. Large zippers are used to slip this suit over shoulder pads, unleathers, and boots with ease. Velcro closures at the neck and waist insure maximum mud protection. Leather on the inside of the knees allows good grip on the gas tank in slippery conditions. Order normal size as they are designed to cover a full set of riding gear. Sizes: Small, Medium, Large, or X-Large.

#### 20-249 JT WET GLOVE

This 100% cotton knit glove with beaded latex palms is used by almost every pro rider in America in wet conditions. The combination gives excellent gripping power with an elastic quality that conforms to your hand shape. Mechanics find it an excellent working glove in cold weather providing warmth but thin enough to work efficiently. One color; one size.

#### 06-230

#### JT STARTING LINE CAPE

This starting line rain cape is perfect for waiting out the green flag in a downpour. Totally waterproof, it can easily be slipped on and off in a hurry with the help of the giant separating zipper down the front. Equally good for rider, mechanic, or spectator. One color; one size.

**BROC GLOVER**

# Boots

**MOUSE MCCOY**

60 cc National Mini Champion

**SOLE BROTHERS!** Those are the vibes we get from 3-time 125cc National Champion Broc Glover and 50cc Mini-Champ Mouse McCoy. Now most folks will ask, "C'mon, what could these two guys possibly have in common?" Well, for one thing, they're both hard fighting champions. For another, they carry the same brand on their trusty bikes. But mostly what makes them sole brothers is their exclusive reliance on the performance of JT CHAMPION BOOTS.

No matter what your size, it's important to have the competitive edge that the freedom of quality protection gives. And JT offers that plus great team colors in all sizes. JT CHAMPION BOOTS have stood the test of time with champions from all over the world since their introduction by Heikki Mikkola. Mud, sweat, and open-jawed footpegs have all gone down in "defeat" with one good vibration coming through loud and clear... JT CHAMPION BOOTS WEATHER THE TOUGH TIMES.

When JT gets pumped, we bring racing excitement to life with our come-alive designs. That's where we're at with colorful t-shirts, jackets, hats, and accessories. It's hard to be casual about motocross and most of our fans are "fanatics" when it comes right down to it!

Kent and Jill Howerton are like that. When the Rhinestone Cowboy isn't stylin' on his champion Suzuki steed, he and Jill run their own races on the family race track in San Antonio, Texas. Together they lead the good life and set the styles in their JT Casuals. They know that even off the bike, JT has the best quality and style.

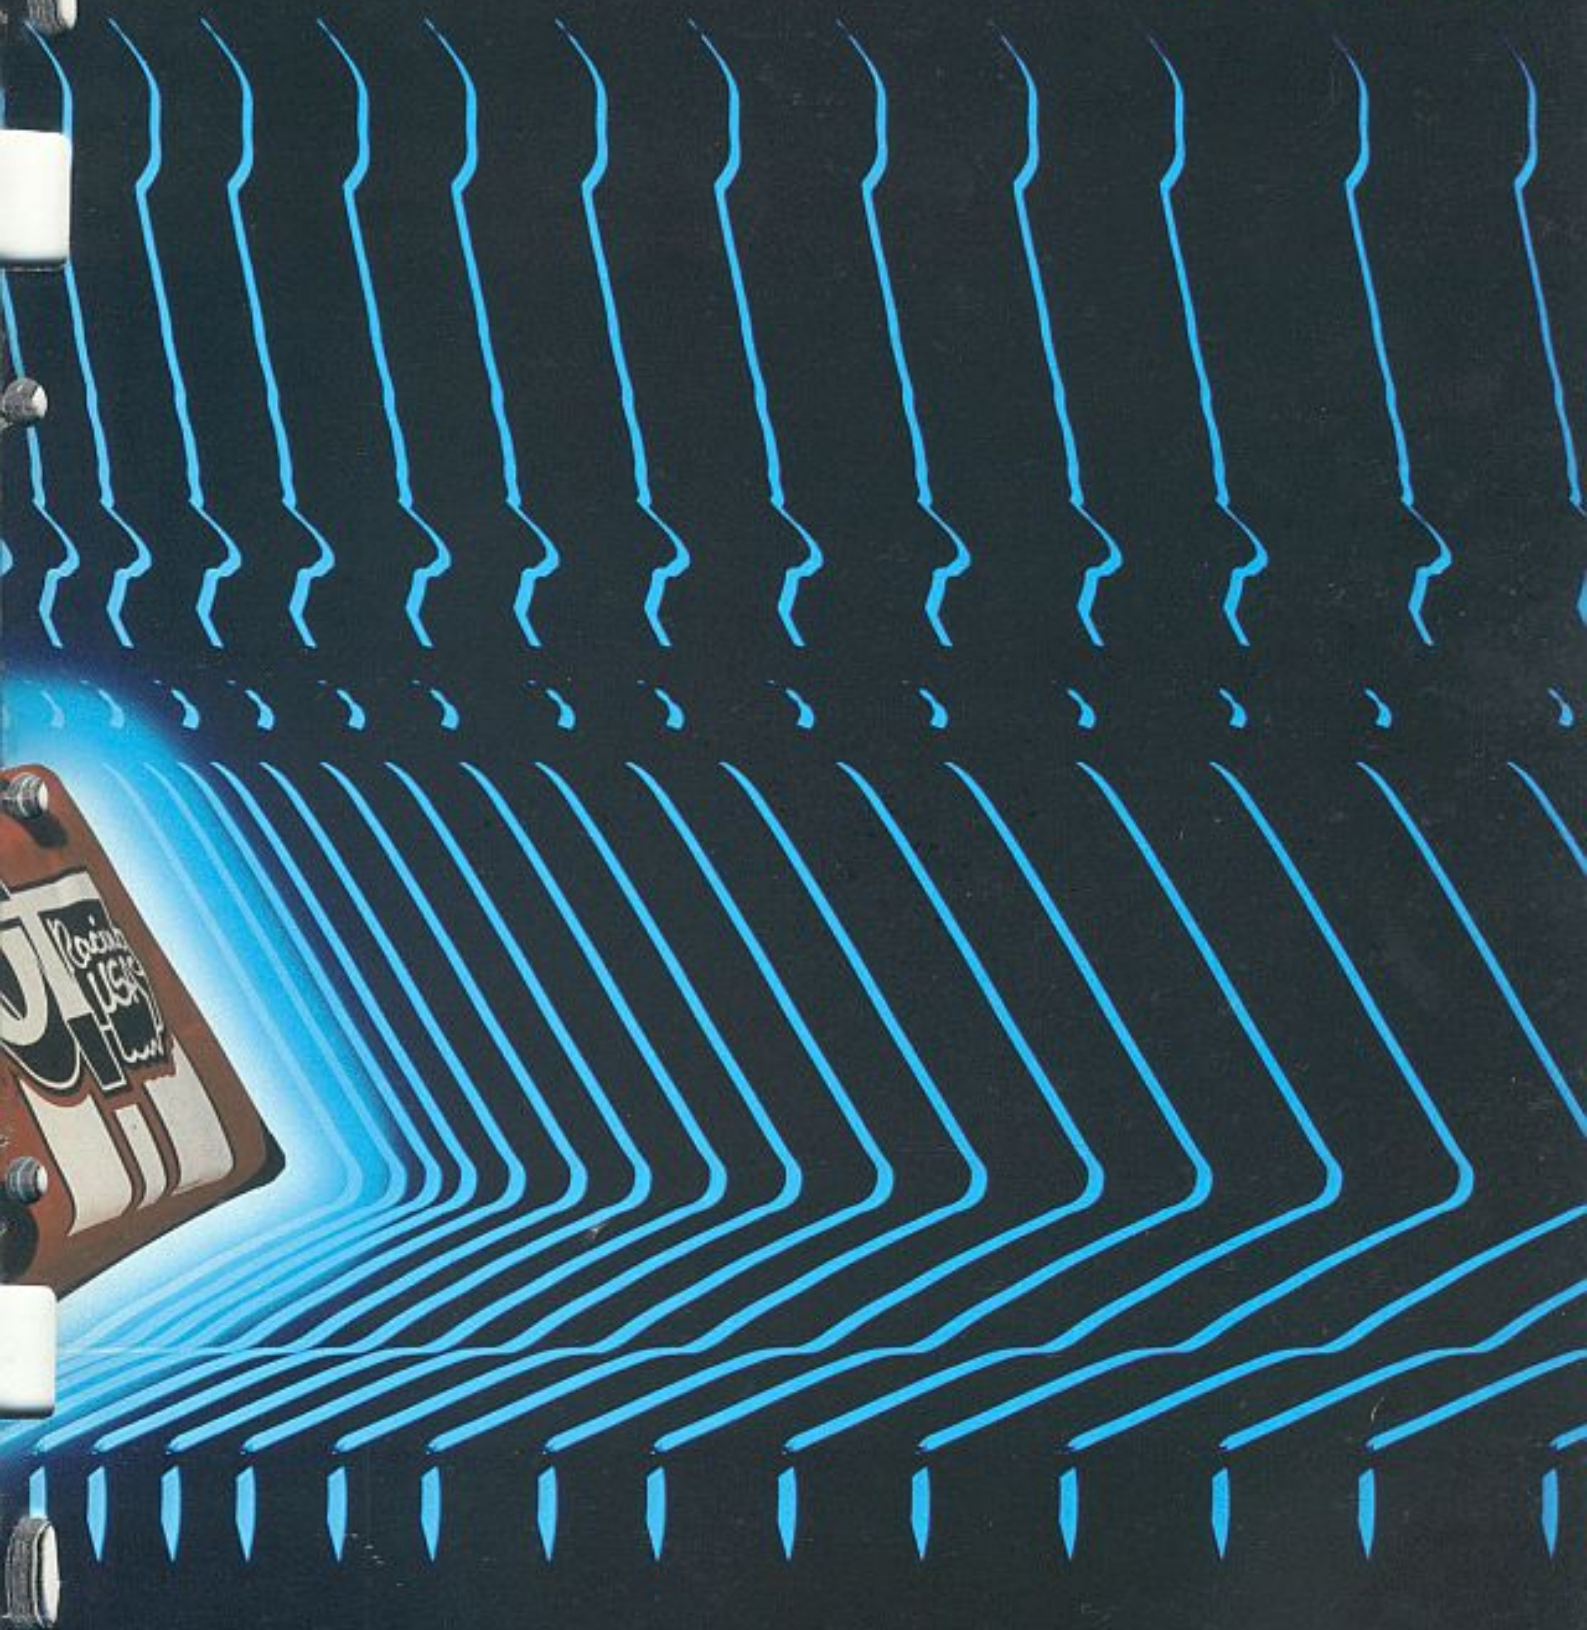

Good vibes for the good life with JTI

# Casuals

### JT HOT STUFF JACKET

This jacket is the biggest hit we've had in a long time! Loved in the pits, loved on the slopes, loved at home, this colorful new jacket from JT is warm, sexy, and oh so nice. Made of colorfast nylon with rainbow tear stripping down the collar and sleeve, the HOT STUFF jacket is poly filled for super warmth. Giant zippers, secret rain hood, cozy deep pockets, and wind-stopping cuff make this hard to beat. Colors are suitable for all team colors. An excellent choice! Jackets are available in two colors as shown. Indicate part number and size.

06-235 White Hot Stuff-XS, S only

06-236 Blue Hot Stuff-XS, S, M, L, XL

### JT BIGHORN VEST

JT's first-class, western style vest is the ultimate in quality and style! It is made of a combination of nylon taffeta and super soft calfskin leather yoke! The goose-down filling gives maximum warmth and the heavy duty snap closures keep it closed. Two deep pockets on the outside are big enough for warming cold hands and a zippered inside pocket permit you to carry important possessions without fear of losing them. The collar is rolled and down filled so that it hugs the neck keeping it nice and warm. And a very important feature is that it is washable in cold water making it easy to care for. The JT BIGHORN VEST is a guaranteed luxury on race day or any other day!

Available in two color combinations: Red/Gold or Blue/Gold.

Men's Sizes: 36, 38, 40, 42, 44, 46 Ladies Sizes: 5-6, 7-8, 9-10, 11-12

06-250 Blue/Gold

06-251 Red/Gold

### 09-303 JT MAGIC TRACKBOARD

Slick new mechanic's pit board of colorful plastic is combined with a new magic writing surface for unmistakable pit signals. Lighter than air and easy to wave with strategic hand holds, kit comes with liquid chalk and giant JT sticker on back. Trick!

### 09-305 JT LIQUID CHALK REFILL

This new chalk is incredible! Writes, rewrites and then is whisked away in the flash of a wipe. Comes with extra wide tip for easy visibility for that split-second signal. None Finer!

09-311

09-310

09-313

#### 09-310 JT STANDARD GEAR BAG

Measures 22" x 16" x 11" and is large enough for one complete set of motocross gear. Double zippers make it easy to open for boots, helmets, pants, shoulder pads and various last minute additions. Wooden bottom insures double carrying capacity.

#### 09-311 JT SUPERCROSS GEAR BAG

Double nighter Supercross racing often creates a need for two sets of gear. Well here is the bag to carry it. Incredible capacity makes this the most used JT bag by National and GP circuit riders. Double zippered, double strapped, heavy duty canvas bag measures 30" x 17" x 13".

#### 09-313 JT HELMET BAG

A great week-end bag for helmets and other accessories. Measures 19" x 14" x 10" roomy but not quite as big as the others. Heavy duty nylon straps are stitched around entire bag to give double carrying support.

#### JT TEAM WALLETS

JT's handy WONDER WALLETS™ now have a great team look. Popular nylon wallet is lightweight and washable and comes in bright team colors. Velcro closures and top inside 'keeper flap make it virtually impossible to lose precious cash or credit cards. Vinyl photo insert is included. Designs will change to keep team look current.

09-662 JT/Suzuki Wallet

09-663 JT/Honda Wallet

09-664 JT/Yamaha Wallet

09-665 JT/Kawasaki Wallet

Colors will vary.

#### 09-309 JT GOGGLE BAG

Divided goggle bag holds two pair of goggles and plenty of spare lens as well. Tough Oxford nylon is lined with supersoft, flocked nylon protective fabric to keep lenses in perfect non-scratch condition. A continuous zipper eliminates dust and allows easy entry. One color as shown.

#### 09-104 JT KEY RING

Go first class with a big #1 key ring from JT. Perfect for those extra keys for garage, tool box, or motorcycle. Ga-lows in the dark!

JT's stuck on you! And that's the truth if you're one of the lucky ones. One lucky enough to have the look of the pros in the form of JT Stikies. They stick and they're trick! When times are tough and everybody's goin' for it and it seems like motocross is more work than fun, JT Stikies brighten up your day. Those good vibrations say, "Hey, you're O.K. You're a racer, man. Let's stick it out together." JT Good Vibes for all your stickie situations.

The latest dirt ...

JT gets the facts straight when it comes to tricks for winning. Whether it be a new product developed by JT like the True Grip or a bolt-on, power-packed Boyesen reed, it will be the latest and trickiest for the dirt. Riders who have the scoop currently use JT products to make their competition eat dirt. Like they say, if you snooze, you lose. And we're in the habit of winning. When it comes to motocross, JT is dirt-minded. Good Vibes geared for results from JT!

# Bike Accessories

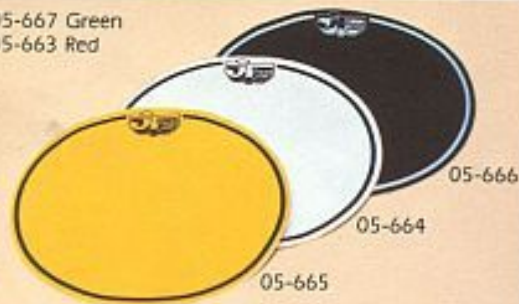

### JT OVAL NUMBER PLATE BACKGROUND

Made of super sticky 4-Mil vinyl, these number-plate backgrounds are tough enough to last most MXers one whole season. Will not come off in the toughest carwash if applied correctly. Backgrounds come in a ready pack of 3 per set in red, white, yellow, black, or green.

05-667 Green

### JT CROSSBAR PAD

Dynamite new JT pad is designed for maximum protection when the crossbar pulls a double-cross! Protection in the form of lightweight polyurethane foam fills the inside of the lightweight nylon outer fabric. Velcro fastened for maximum holding power and quick installation. Racy new graphics lights up the appearance in a choice of six color combos. Pick a winner!

09-317 Red/White/Blue

09-318 Green/White

09-319 Yellow/White

09-320 Black/Yellow

09-321 Red/Black/Yellow

09-322 Blue/Yellow

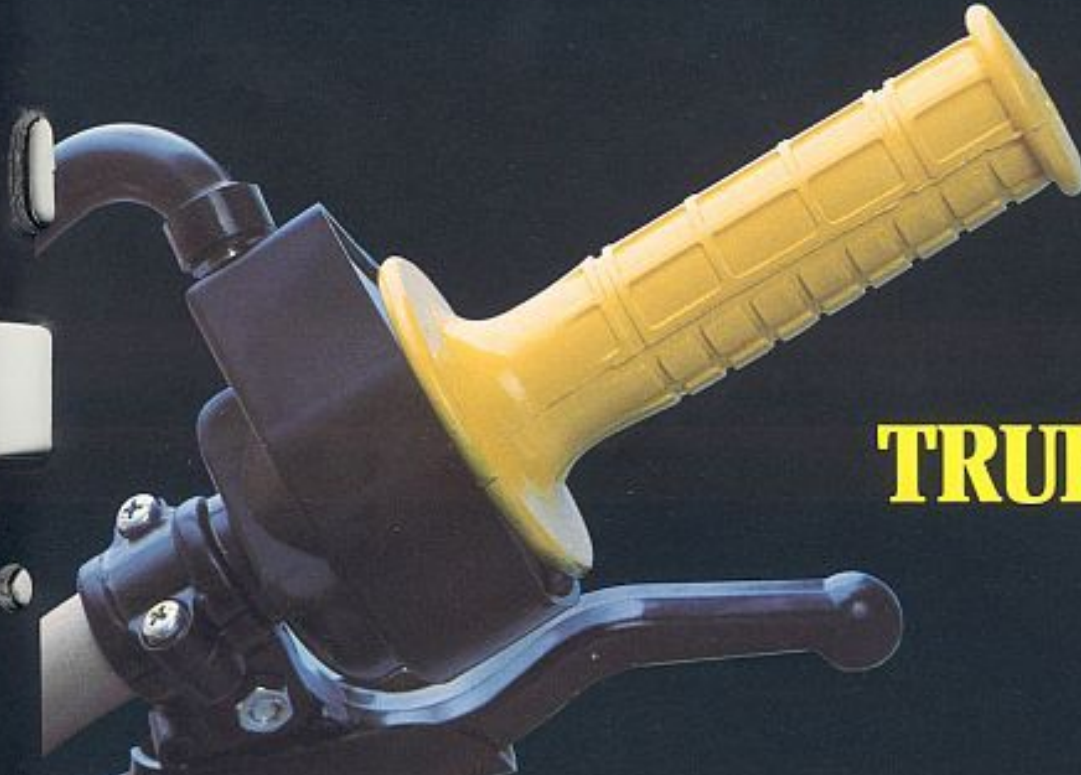

### 09-353 JT SUPERCROSS MINIPLATE

Supercross numberplates are available for the mini-bikes too! Same design is scaled down for the smaller bikes and accommodates 8" numbers. Indicate background color yellow, green, black, red, or white when ordering.

**JT RACING**  
presents

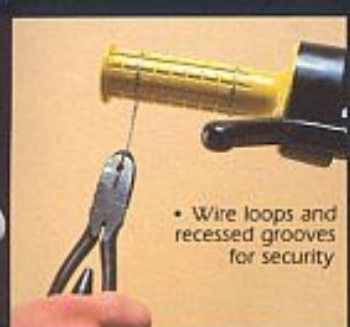

# TRUE GRIP

- Finger side waffle pattern for traction

- Palm side waffle pattern for reduced friction and increased feel.

- Wire loops and recessed grooves for security

- Flanges for cushioning of thumb and forefinger

- Smallest diameter grip on the market relieves forearm fatigue

- Tough, glutinous compound easily maintained with soap and water. Won't harden, crack or fade.

## THE DESIGN

An innovative design developed specifically for the two different gripping parts of the hand. The directionally patterned, waffle-shaped ridges are smaller and more highly raised on the palm side for blister reduction and creation of better feel while the larger, flatter squares on the finger side maximize grip and give good traction. Flanges on the inside core of the grip provide cushioning where thumb and forefinger rest for unmatched comfort.

## THE DIAMETER

The smallest of any grip on the market! This incredible thinness virtually eliminates muscle tension and forearm fatigue. Fatigue is further minimized by the tacky compound which is tough, uniquely comfortable, and weather resistant.

## THE SECURITY

Wire loops and grooves are molded into the design enabling the rider to wire the grip to the bike. **Wire not included.**

## THE COLORS

TRUE GRIP comes in six vivid team colors for motorcycles and BMX bikes alike. Green, White, Black, Red, Yellow or Blue.

## THE RESULT

A true research and development effort, a truly revolutionary design, and the only one with—TRUE GRIP!

By utilizing a dual porosity filter in Phase 2 units, we have been able to successfully prove that the JT filters stop both large dust particles with the coarse outer foam, while still screening out and eliminating fine dust particles from entering the engine by way of the finer, closer screen inner filter piece.

#### PHASE TWO FOAM AIR FILTERS™

A dual-layer filtration system consisting of an outer layer of large porosity foam and an inner layer of fine porosity foam. These two layers act together as a team to create the greatest amount of breathing surface available by allowing the dust particles to penetrate and coat each individual surface deep into the interior of the outer layer. The penetration ultimately increases the working time of the filter as a PHASE TWO FILTER will hold almost 2½ times more dust than its single layer counterpart and indefinitely delay air restriction caused by filter clogging. PHASE TWO monopolizes the air boxes of competition motocross and off-road desert events! Bell, Howerton, Sun, Glover, LaPorte, Hansen, O'Mara, Roeseler, Barnett, Shultz and virtually all top pros have used the PHASE TWO. It's a good bet that if you want to win, you'll rely on PHASE TWO, too.

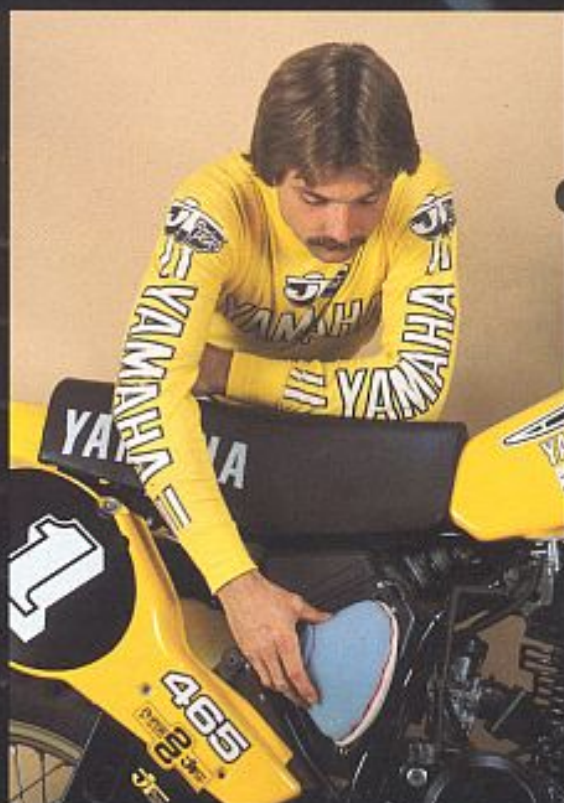

**PHASE TWO FILTERS AND ACTION OIL ARE THE OFFICIAL CHOICES OF TEAM YAMAHA, SUZUKI, HONDA & KAWASAKI.**

Visual proof! A PHASE 2 filter treated with ACTION OIL and run in a dusty motocross event, shows that the combination of the filter and oil are very successful. Note the discolored section at the bottom of the filter where dust and dirt have been trapped and held from going into the bike's engine. The finer pore upper section is still clean and dirt free, meaning that your bike breathes nothing but pure, dust-free air.

The secret to the ACTION OIL is a super formula that results in a sticky, dirt-grabbing chemical substance. ACTION OIL is specially designed to work in conjunction with Phase 2 filters but can also be used with any other foam filter on the market today with great success. JT ACTION OIL is the best dirt-trapping, dust-stopping air filter oil available. More than five years of performance and testing goes into every bottle!

**JT ACTION OIL®**

Originally developed by JT RACING to provide a foam air filter coating that was resistant to water and dust, this impervious preparation has proven time and again that its special adhesive action traps all foreign particles. ACTION OIL was used exclusively by the Husqvarna chain saw distributors\* as being the only filter oil that could stop Mt. Saint Helens volcanic ash from entering the foam air filters! ACTION OIL will not settle out or yield to gravity over long periods of inactivity meaning filters may be prepared long before the race and installed whenever needed. Temperatures do not affect its ability to trap and hold dust or shed

water. \*Official choice of Team Yamaha, Suzuki, Honda, and Kawasaki.

# PIRELLI-Motocross Tires

## PIRELLI RULES THE ROOST!

By virtue of the "pecking order" of championships won, PIRELLI, in three short seasons, has become the unchallenged ruler when it comes to putting power to the ground. It's even safe to say that PIRELLI rules hands-down! Last season alone, PIRELLI captured all three World Championship titles, the 500cc USA National, 250cc USA National, and Trans-USA titles. An incredible sweep!

These kinds of results are not won by mere chance. They are won by the determined efforts of an R&D Department that is interested in the use of tread patterns and compounds for conditions encountered by the best motocross racers on the toughest tracks in the world. They feel that if their tires work for the best, they will work for everyone. That's why JT continues to support and sell PIRELLI tires on an exclusive basis.

Good vibes from the ground up with PIRELLI!

#### PIRELLI CLEAN SWEEP

PIRELLI powered to more than half of all American motocross wins last year! That means that more than half of all Supercross, 125, 250, 500 Nationals, Gran Prix and Trans-USA races were won on PIRELLI tires. Hard to believe? Not when you consider that PIRELLI has developed a tire for all conditions and terrains and that the PIRELLI factory is famous for its work with racing teams like Porsche, Ferrari, and BMW. With the Garacross grabbing the soft tracks, the Pentacross grabbing the hard tracks, and the new Sandcross grabbing the deep sand, it's no wonder that 500 CHAMPION CHUCK SUN, 250/Trans-USA CHAMPION KENT HOWERTON, and Supercross CHAMPION MIKE BELL team up this year with Broc Glover, Danny LaPorte, and Donnie Hansen for another PIRELLI packed year! If that's not enough, here's a few more reasons that we say PIRELLI PRIDE!

ANDRE MALHERBE-PIRELLI- HARRY EVERTS-PIRELLI- GEORGES JOBE-PIRELLI-  
500cc WORLD CHAMPION 125cc WORLD CHAMPION 250cc WORLD CHAMPION

Depend on PIRELLI! They can't all be wrong.

## GARACROSS MT-16

The most commonly used Supercross tire. A universal design for soft, sandy and rocky courses, the GARACROSS has a special V-shaped block pattern designed for minimal rolling resistance in straight lines, but retains maximum grip and ample supporting surface during cornering. The MT-16 was used in numerous victories by Champions Kent Howerton and Chuck Sun in both Supercross and soft-track outdoor events.

### PART NO. TIRE SIZE

62-001	3.00x21 3-ply MT-16
62-002	4.00x18 4-ply MT-16
62-003	4.50x18 4-ply MT-16
62-014	5.00x18 4-ply MT-16
62-015	4.50x17 4-ply MT-16
62-004	5.00x17 4-ply MT-16
62-005	100/90x18 3-ply MT-23

RECOMMENDED PRESSURE: 10-17 ppsi

## SANDCROSS MT-32

The design function of the widened tread pattern is to compress the ground under the contact area to optimize tractivity and cornering stability in sandtrack situations. This tread, size and weight of the tire, prevents the tire from sinking and losing tractivity. The trapezoidal blocks are distributed so that a "paddle effect" is created. This effect also occurs transversely when cornering, due to the closing action exerted by the lateral blocks. The compound and total design have succeeded in giving the motorcycle better balance and steering under the most arduous conditions. Today, SANDCROSS is representative of PIRELLI PRIDE—determined technology in high performance off-road tires!

### PART NO. TIRE SIZE

62-018	4.25x18 3-ply MT-32
62-019	5.00x18 3-ply MT-32

RECOMMENDED PRESSURE: 10-12 ppsi

## PENTACROSS MT-25

The PENTACROSS was born of necessity for the super-fast, dry and slippery Gran Prix tracks of southwestern Europe. Utilizing an original pentagonal tread block design, it's the best tire for excellent grip on all terrain, but shines most on especially hard and semi-hard surfaces. The PENTACROSS allows better control after cornering, and superior traction when coming out of dusty hard-packed corners.

### PART NO. TIRE SIZE

62-009	3.00/3.20x21 3-ply MT-25

62-012	4.50x17 4-ply MT-25
62-013	5.00x17 4-ply MT-25

RECOMMENDED PRESSURE: 10-19 ppsi

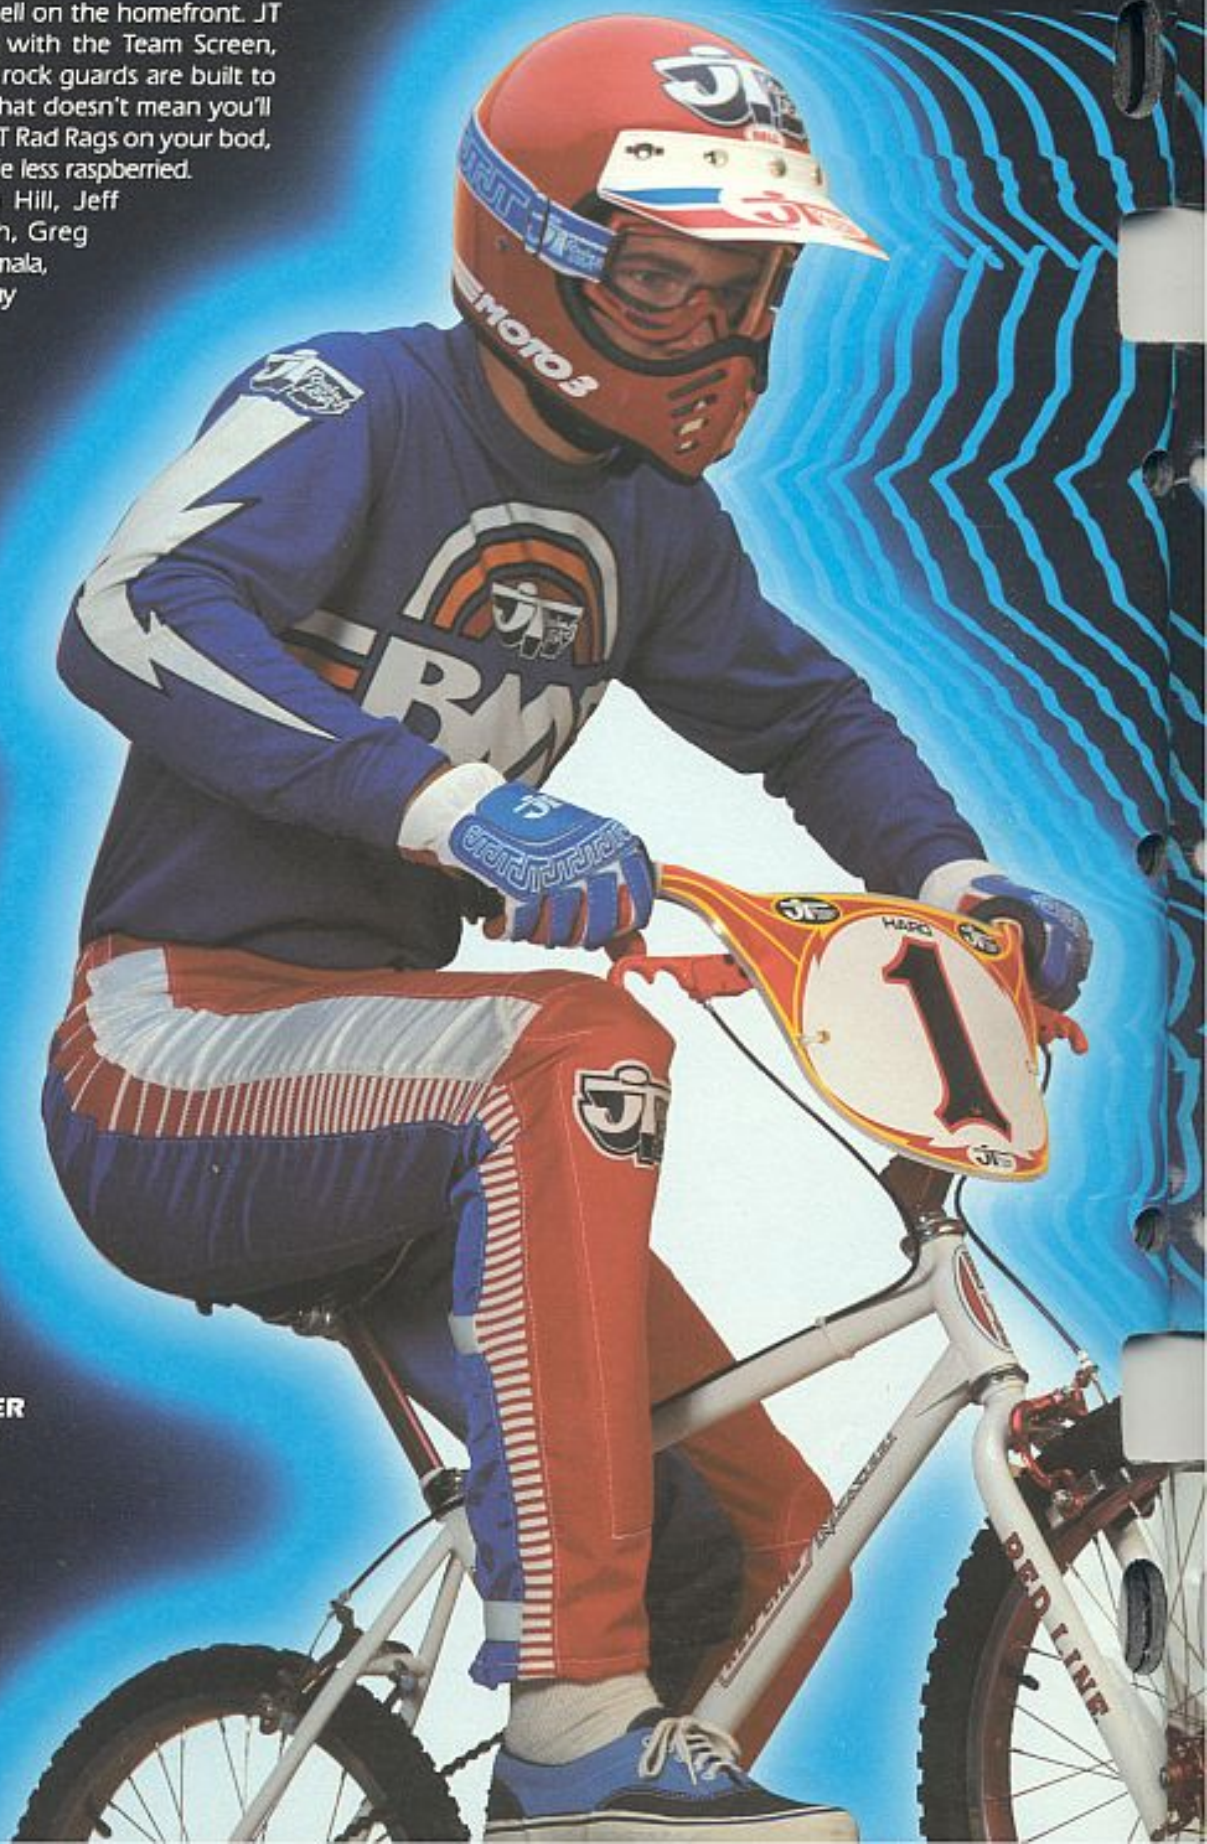

Ever been bookin' down a gnarly track, gettin' air and roundin' the last turn only to be stopped dead in your tracks by some squid in a dust cloud headed your direction? Bummer . . . But if you're spiffed out in radical rags from JT all is well on the homefront. JT Pedal-Pushin' Pants, along with the Team Screen, jersey, gloves, goggles and rock guards are built to help you take the blows. That doesn't mean you'll be less bummed, but with JT Rad Rags on your bod, we think you might be a little less raspberried.

Toby Henderson, Greg Hill, Jeff Ruminer, Pete Loncaravich, Greg Esser, Jeff Bottema, Jeff Kosmala, and the entire Team Skyway bank on JT equipment. They think that if you ride BMX, you've gotta go with JT. Otherwise, well, have you ever considered bongo lessons?

Good Vibes through the clouds with JT.

**JEFF RUMINER**  
Team Redline

**BMX**

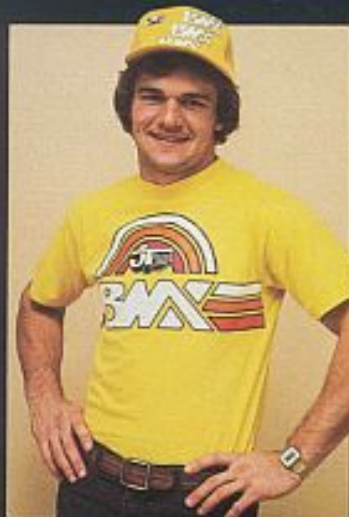

#### 02-112 JT BMX HAT

Solid yellow hat has foam front and vented back for keeping a cool head at a heated event. Hat is completely adjustable to fit all sizes. One color only.

#### JT TRUE GRIP

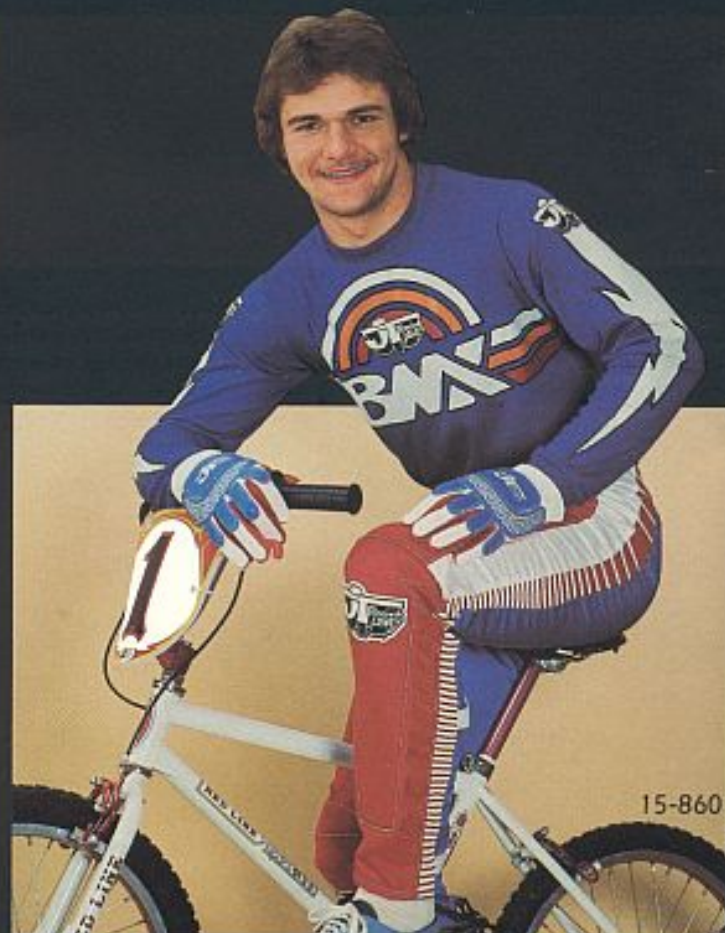

Made of a soft, tacky compound with a unique tread pattern design, this grip gives a BMXer better control with no muscle pumping up. Available in red, yellow, blue, black, white.

15-864

15-869

15-860

#### JT RAINBOW-BMX SHIRT

Bold rainbow graphics on a poly-cotton t-shirt. All t-shirts are available in men's, women's, or kids' sizes. Indicate choice of color: white, blue, red or yellow.

07-567 Men's      07-767 Women's      08-567 Kids'

#### JT BMX SHIRT

Popular t-shirt plainly says BMX is IN! Poly-cotton in your color choice of white, blue, red, or yellow.

07-573 Men's      07-773 Women's      08-573 Kids'

#### JT BMX RIDER SHIRT

Great cartoon illustrated t-shirt depicts big, bad BMX rider. Poly-cotton in choice of white, blue, red, or yellow. Indicate part number and size.

07-568 Men's      07-768 Women's      08-568 Kids'

#### JT "PEDAL-PUSHER" BMX PANTS

Our specially designed BMX protective pants have been improved this year with the new "sleek-streak" spandex side panel and a new, tough, good looking fabric called "satiny". The JT pants use high density polyurethane shin and knee protection and are completely machine washable. Our unique "Calf Wrap™" allows great adjustability with the elastic and velcro fastened strip pioneered by JT. This prevents the calf from being tangled with the pedals and the circulation from being cut off when calf muscles enlarge from exertion during a race. The PEDAL PUSHERS are a high quality protective item and are the most copied pant on the market—but watch the differences because the quality has still not been duplicated. All BMX pants can be custom lettered.

Waist sizes in inches: 22, 24, 26, 28, 30, 32, 34

## JT BMX PLATES

Custom formed BMX plates have become the most popular BMX plate on the market. Available in three different team colors with bold lightning bolt graphics. Can accommodate the Fat or Skinny Dirt Digits.

## JT DIRT DIGITS

09-101 Fat Dirt Digits

09-102 Skinny Dirt Digits

The Skinny Digits will accommodate a 3-digit number on front plate and the Fat Digits will accommodate a 1- or 2-digit riding number. Digits come in packs of 10 each number. Specify part number, number needed, and color.

15-860

15-868

15-863

## JT RAINBOW BMX JERSEY

Another great supercross jersey designed for BMXers. Colorful front design and lightning bolt sleeves makes a fun racing shirt. Blue and yellow only.

Men's S, M, L, XL  
Kid's S, M, L

- 32-154 Men's Yellow
- 33-154 Kid's Yellow
- 32-155 Men's Blue
- 33-155 Kid's Blue

Easy jersey can be custom lettered with name and number on back.

## JT BMX SUPERCROSS JERSEY

A poly-cotton jersey specifically designed for BMX-racing. Comes with BMX graphics on front and lightning bolt graphics on sleeve.

- 32-151 Men's Red
- 32-149 Men's Yellow
- 32-150 Men's Blue
- 33-149 Kid's Yellow
- 33-150 Kid's Blue
- 33-151 Kid's Red

## JT TEAM GOGGLES

New JT Team Goggles come in four team colors to coordinate with all the racing colors. Urethane frame accepts lexan lenses and special foam inside reduces fogging on the inside. Colorful, adjustable strap is colored with JT logo. Order by part number.

- 03-400 Yellow/Black, White
- 03-401 Red/White/Blue
- 03-402 Blue/Yellow
- 03-403 Green/White/Blue
- 03-420 Clear Lens

- 03-421 Smoke Lens
- 03-422 Amber Lens
- 03-423 Smoke Polaroid Lens
- 03-424 Clear Lexan Lens
- 03-425 Tear-offs (pack of 6)
- 03-426 No Fog Cloths

## 09-169 BMX OAKLEY III

Available in red, blue, yellow, and black.

JT BMX GEAR IS THE OFFICIAL CHOICE OF TEAM SKYWAY, GREG HILL, TINKER JUAREZ, JEFF RUMINER, TOBY HENDERSON, JEFF KOSMALA, JEFF BOTEMA, GREG ESSER, AND PETE LONCARAVICH.

# NEW VIBES

**THE SWEET TASTE OF VICTORY!** New Victory Wreath t-shirt, hat and jersey designs depict the glories of winning. Champagne spills are O.K. since all shirts are completely washable. Specify part number and size.

07-619 Men's T-shirt 30-119 Men's WFO jersey  
07-819 Gals' T-shirt 31-119 Kids' WFO jersey  
08-619 Kids' T-shirt 32-119 Men's SX jersey  
02-119 Wreath Hat 33-119 Kids' SX jersey

## JT SPEC-TERRIES

Popular new terrycloth design from JT has hit the market by storm due to great comfort, color, and style! Incredibly soft and absorbent with one pocket and logo on the front. Specify size and part number Men's sizes: S,M,L,XL

## JT RAINBOW STOCKING CAPS

Attractive, piping hot stocking caps are coordinated to match the new JT "Hot Stuff" jackets. A great combo for racing pizzazz!

## JT "BIG-H" T-SHIRTS

Latest design for team colors and identity. Comes in sizes for everyone. Specify part number and size. 07-623 Men's  
07-823 Women's 08-623 Kids'

## JT VICTORY HAT

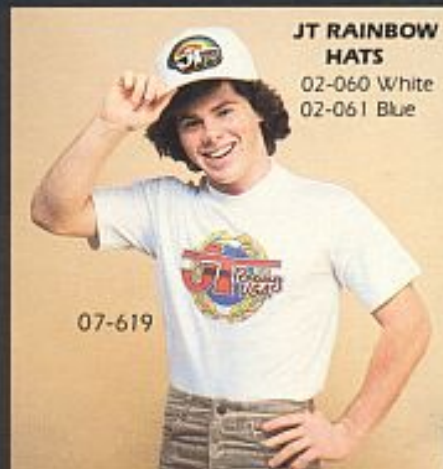

02-120

Victory wreath design on a solid white hat

# JT SUPERCROSS 2 NUMBERPLATE

A.M.A. regulation numberplate accommodates 11" numbers. Kit comes complete with numberplate, zip-ties, and background color of your choice

09-350 Black  
09-347 Green  
09-348 Yellow  
09-349 White

09-127 White  
09-126 Yellow  
09-125 Red

## REAR FENDER/NUMBERPLATE

A new rear plastic fender from JT has the rear numberplate incorporated into the sides behind the rider. These prevent a rider from covering his number on the sidepanels with his legs. Backgrounds and 6" numbers are available.

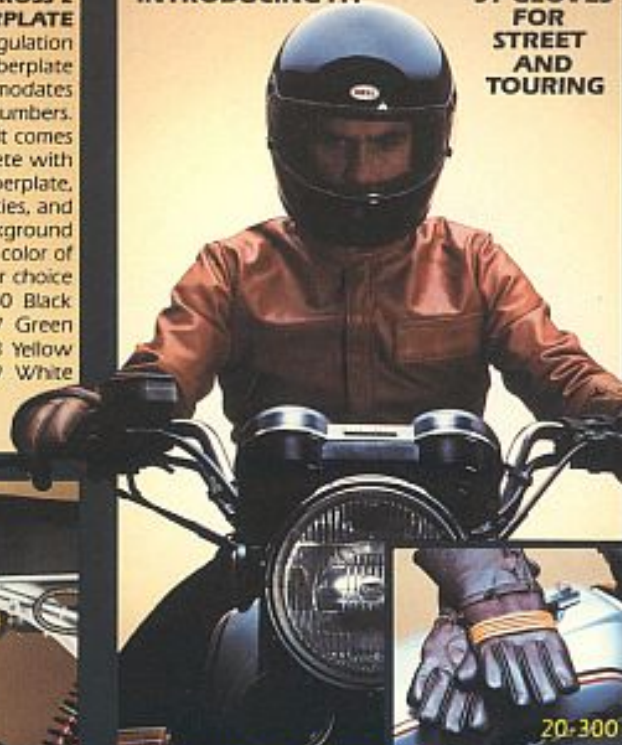

## 06-333 JT HONDA PIT PANTS

New design for the new season. JT/Honda pit pants in blue with new logo and strip down the side. As used by the Team Honda mechanics in 1981! Specify size: S,M,L, XL.

## INTRODUCING ...

## JT GLOVES FOR STREET AND TOURING

20-301

20-302

## 20-300 JT WINTER BREED

Dark brown leather with a Thinsulate® liner. Ribbed knuckles, padded palm and thumb area, 6" zippered cuff and adjustable wristband allow flexibility and provide blister protection.

## 20-301 JT SPRING BREED

A lighter-weight fleece liner allows for warm weather riding. Adjustable cuff and padded palm.

## 20-302 JT SUMMER BREED

Beautiful soft leather glove has no liner. Elastic wristband and velcro closure assure no wind flap on the 3" cuff. Ribbed knuckles for flexibility.

Sizes 8, 9, 10, 11

A way for us "died in the wool" motocross fans to keep up with the latest in bumper art. Me, JT, and Motocross.

### **JT HALF-BREED™ GLOVES**

Our gloves have always been a source of pride with us at JT. More champions have ridden with them since 1975 than any other motocross glove on the market. Designed to follow the contour of the hand, thus eliminating excess leather in the palm that bunches and causes blisters, JT gloves have been constantly improved through the years as evidenced by the revolutionary HALF-BREED™. The top of this glove is made of a vented nylon knit fabric that stretches with the hand to allow perfect fit. It also breathes making it very cool. The design patented backing is the same strong material that works as good deflection from stones, branches and flying debris and the thumbwrap is an extension of the strong, supple lambskin that makes up the entire palm of the glove. Three palm padding styles are available to guarantee the correct protection for each rider's needs. These gloves have virtually taken over in the sport of motocross and bicycle motocross and are visible in sports such as hot-dog ski competitions, enduros, snowmobile racing, and off-road buggy and motorcycle racing. Pat. No. Des. 240,975.

#### **JT VELCRO GLOVE**

A special feature has been added to this year's Half-Breed™ glove from JT. A velcro-closed wristband now keeps the glove from riding up and prevents stones or dirt from entering the glove in the event of a spill.

You don't have to settle for anything less than  
**JT HALF-BREEDS™**

### JT BOOT

Unique one piece leather construction eliminates seams where boots generally split over a long period of time. A 100% solid leather inner sole provides more "feel" on the foot pegs, better rear brake pedal control and secure shifts. A plastic, waterproof toe-guard fends off rocks and racing impacts. In front of the shin area, an impact absorbing plastic shield disperses and radiates the impact of large obstacles that hit the boot in the front. The patented flush-buckling system keeps the straps tight against the boot body and are especially easy to fasten and unfasten. The heel of the boot uses a flanging design to give flexibility while it retains superior ankle support. Lastly, a quality Vibram™ sole eliminates the need for more than occasional resoling. JT BOOTS require almost no break-in time and will be a happy surprise with their sturdiness and long life span. A truly superior, long-lasting boot, the JT BOOT is available in sizes 1-13. Order by part number, color and size.

40-284 Black    40-285 Blue    40-286 Red

### JT BOOT SOCKS

Thick and soft, the new JT Boot Socks are made of soft and absorbent brushed acrylic, and are knee-length for just the right height for motocross boots. The elasticized top keeps the sock from creeping down and the colors are team coordinated in vivid, fade-free colors. One size fits all.

09-286 White Undersock    09-287 Green    09-288 Blue  
09-289 Red    09-290 Yellow

Upper "puff-cuff" keeps water and dirt from entering boot.

Plastic shin guard deflects rocks, protects rider's lower leg.

Thick protective padding still allows freedom of movement in ankle regions.

Tough plastic guard protects toes and keeps water from entering boot.

Steel Toe Plate

Vibram rubber sole

Steel shank
